

INTERNATIONAL CONGRESS OF THE
EGYPTIAN
OPHTHALMOLOGICAL SOCIETY

EOS 2026

29TH APRIL *to* 1ST MAY
InterContinental Citystars,
Cairo, Egypt

PROGRAM
AT A GLANCE

WEDNESDAY, 29 APRIL 2026
PROGRAM AT A GLANCE

REGISTRATION WILL START AT 08:00

TIME	HALL A «Al Saraya 1»	HALL B «Al Hambra»	HALL C «Abdeen»	HALL 1 «Montazah 1,2»	HALL 2 «Montazah 3,4»	HALL 3 «Mamouniah»	HALL 4 «San Souci»	HALL 5 «Al Manial»	Wetlabs «Glass Room»
10:00	Symposium 1 Glaucoma: Primary angle closure glaucoma	Symposium 2 Oculoplastic: Eyelid reconstruction	Course 1 Cataract: Basic of phaco dynamics, fluidics & more	Course 2 Refractive: Solutions for irregular corneas & keratoconus	Course 3 Cataract: Capsular surgery	Symposium 3 Video session	Symposium 4 Young Ophthalmologists 1	Course 4 Retina: Endophthalmitis	Vitrectomy
10:30									
11:00									
11:30	Symposium 5 Refractive: Lenticule extraction today	Keynote Lecture 1 Symposium 6 Pediatric: Intraoperative surprises and anonymous redos Keynote Lecture 2	Course 5 Burkhard Dick Surgical best save	Course 6 Basic course in therapeutic ophthalmic lasers	Course 7 Oculoplastic: Orbit	Course 10 Retina: Mastering the Unseen	Course 8 Glaucoma: NVG: Will the monster be tamed?	Course 9 Cornea: New perspectives & future directions in management of advanced keratoconus	Vitrectomy
12:00									
12:30									
13:00	COFFEE BREAK								
14:00	Keynote Lecture 3 Symposium 8 Cataract: Unhappy cataract patient	Comprehensive Session 1 Keynote Lecture 5 Symposium 9 Retina: Everyday retina challenge	Keynote Lecture 4 Symposium 7 Planning your future with experts	Course 11 Refractive: Femtosecond intrastromal lenticule extraction beyond virgin eyes	Course 12 Oculoplastic: Blepharoplasty and aesthetic lid surgery	Course 13 Retina: Diabetic retinopathy from A to Z	Course 14 Glaucoma: Pediatric glaucoma	Course 15 Cornea: Mastering corneal ectasia: From diagnosis to advanced management	Phaco
14:30									
15:00									
15:30	Keynote Lecture 6 Competition	Symposium 12 Saudi Ophthalmology Society Symposium	Symposium 10 Glaucoma: Basics of glaucoma medical treatment	Course 17 Refractive: Photorefractive keratectomy from A to Z	Course 16 Oculoplastic: Ptosis	Course 18 Retina: Vitreomacular interface disorders	Symposium 11 Free paper 1	Course 19 Refractive: Phakic IOLs excellence (from indications to outcomes)	Phaco
16:00									
16:30									
17:00	Competition	Symposium 13 Cornea: Infectious corneal morbidity	Course 21 Cataract: Managing capsular complications during phacoemulsification	Course 23 Refractive: Pentacam interpretation: Step by step	Course 20 Oculoplastic: Lacrimal	Course 24 Computer vision syndrome (Digital eye strain)	Course 25 Retina: Retinal buckling update	Course 22 Glaucoma: Unlocking the secrets of deep sclerectomy	Course 26 Course on publication literacy
17:30									
18:00									
18:30	LUNCH TIME								

THURSDAY, 30 APRIL 2026
PROGRAM AT A GLANCE

TIME	HALL A «Al Saraya 1»	HALL B «Al Hambra»	HALL C «Abdeen»	HALL 1 «Montazah 1,2»	HALL 2 «Montazah 3,4»	HALL 3 «Mamouniah»	HALL 4 «San Souci»	HALL 5 «Al Manial»	Wetlabs «Glass Room»		
09:00	Symposium 14 Glaucoma: My "routine glaucoma surgery" – if this ever exists!	Symposium 15 Ocular Surface Disease: Devastating ocular surface conditions	Course 28 Cataract: Daily practice difficulties & management	Course 29 Investigations: OCT and OCTA updates in different retinal diseases	Course 30 Cornea: Cross-linking in focus: From fundamentals to future frontiers	Course 31 Refractive: Road to optimizing corneal refractive surgery results	Course 32 Pediatric: Clinical approach to cases with abnormal head posture	Course 33 Neuro-ophthalmology: What's new & interesting in neuro-ophthalmology? (105 min)	Investigation		
09:30											
10:00	Symposium 16 Cornea: Posterior lamellar keratoplasty	Keynote Lecture 7	Keynote Lecture 8	Course 34 Investigations: EnFace OCT	Course 35 Refractive: Basics of KLEX surgery	Course 36 Retina: Decision making in retinal detachments: Clinic and OR	Course 37 Subthreshold micropulse & photobiomodulation in ophthalmology	Course 38 Neuro-ophthalmology: Cracking the code: Modified McDonald's criteria in MS diagnosis & related optic neuropathies (75 min)			
10:30											
11:00	Keynote Lecture 9	Symposium 17 Pediatric: ISA Symposium Case I learned from	Symposium 18 Retina: Retina around the world	Course 39 Investigations: Ocular ultrasound & biometry	Course 40 Ike Ahmed - Iris and pupil surgery: From the basic to the advanced	Course 41 Cataract: Modern ECCE: Step towards phacoemulsification	Course 42 Cornea: Basics of DMEK: From tissue to recovery	Course 43 Retina: The golden rules of vitreoretinal surgery		Course 44 Pediatric: Nystagmus made simple workshop	Course 45 Uveitis: The masquerades
11:30											
12:00	Opening ceremony	Comprehensive Session 2	Keynote Lecture 11	Comprehensive Session 3	Course 47 Glaucoma: Basics of secondary glaucoma: Tips for diagnosis & treatment	Course 48 Investigations: Interesting cases discussion based on imaging	Course 49 Cornea: Challenges & solutions in DALK surgery	Course 50 Retina: Cataract surgery & IOL implantation in vitreoretinal surgeries	Course 46 Pediatric: Pediatric cataract: The decision is not always easy	Course 51 Uveitis: STDs & uveitis in Egypt: The power of collaborative care	
13:00											
COFFEE BREAK											
14:00	Keynote Lecture 10	Symposium 19 Retina: How do i do it	Keynote Lecture 12	Course 52 Ocular Surface Diseases: The ocular surface as a real refractive surface	Course 53 Management of strabismus surgery complications	Symposium 23 Free paper 2	Course 54 Refractive: Ray tracing guided ablation: the revolution of corneal remodelling	Course 55 Cornea: Non medical treatment of microbial keratitis	Course 56 Your correct way to write beneficial research proposal		
14:30											
15:00	Symposium 21 Cataract: Phaco complications, you make the call	Comprehensive Session 4	Symposium 22 Retina: Medical retina updates	Course 54 Refractive: Ray tracing guided ablation: the revolution of corneal remodelling	Course 55 Cornea: Non medical treatment of microbial keratitis	Symposium 23 Free paper 2	Course 56 Your correct way to write beneficial research proposal				
15:30											
16:00	Jamjoom Competition	Comprehensive Session 4	Symposium 22 Retina: Medical retina updates	Course 54 Refractive: Ray tracing guided ablation: the revolution of corneal remodelling	Course 55 Cornea: Non medical treatment of microbial keratitis	Symposium 23 Free paper 2	Course 56 Your correct way to write beneficial research proposal				
16:30											
17:00	Jamjoom Competition	Comprehensive Session 4	Symposium 22 Retina: Medical retina updates	Course 54 Refractive: Ray tracing guided ablation: the revolution of corneal remodelling	Course 55 Cornea: Non medical treatment of microbial keratitis	Symposium 23 Free paper 2	Course 56 Your correct way to write beneficial research proposal				
17:30											
18:00	Jamjoom Competition	Comprehensive Session 4	Symposium 22 Retina: Medical retina updates	Course 54 Refractive: Ray tracing guided ablation: the revolution of corneal remodelling	Course 55 Cornea: Non medical treatment of microbial keratitis	Symposium 23 Free paper 2	Course 56 Your correct way to write beneficial research proposal				
18:30											
LUNCH TIME											

FRIDAY, 1 MAY 2026
PROGRAM AT A GLANCE

TIME	HALL A «Al Saraya 1»	HALL B «Al Hambra»	HALL C «Abdeen»	HALL 1 «Montazah 1,2»	HALL 2 «Montazah 3,4»	HALL 3 «Mamouniah»	HALL 4 «San Souci»	HALL 5 «Al Manial»	Wetlabs «Glass Room»
09:30	Symposium 24 Glaucoma: Challenging glaucoma cases	Symposium 25 Oculoplastic: Orbital and periocular trauma	Course 57 Cataract: IOL implantation in the absence capsular support	Course 58 Cornea: Infectious keratitis.. What's new?	Course 59 Refractive: Corneal crosslinking updates in 2026	Course 60 Retina: Optimizing interpretation of OCT & OCTA in uncommon retinal disorders	Course 61 Pediatric: Sight unseen: Navigating the dilemma of the apparently blind infant	Symposium 26 Free paper 3	DALK
10:00	Keynote Lecture 13	Keynote Lecture 14					Symposium 27 Free paper 4		
10:30	Keynote Lecture 15								
11:00	Symposium 30 Retina: Penetrating ocular trauma (tips & tricks)	Symposium 28 Refractive: Emerging technologies in refractive surgery	Course 62 Cataract: How to deal with complications during phacoemulsification	Course 63 Investigations: Fundus fluorescein angiography & basic OCT course	Symposium 29 Clear vision, safe practice: medicolegal principles and guidelines in ophthalmology	Course 64 Retina: RRD; Choice of treatment options	Course 65 Pediatric: Surgical decision in a child is not easy : When & how?	Course 66 Investigations: Visual field	
11:30									
12:00									
12:40	COFFEE BREAK AND GOMAA PRAYERS								
14:00	Keynote Lecture 16	Comprehensive Session 5	Course 67 Investigations: New diseases & novel diagnostic findings in OCT	Course 68 Refractive: Anterior segment imaging	Course 69 Cornea: Updates in ocular cicatricial pemphigoid	Course 70 Retina: Proliferative diabetic retinopathy update	Course 71 Pediatric: Mastering strabismus: The smart way to decide	Course 72 Electrophysiology	Glaucoma
14:30	Symposium 31 Barraquer Eye Institute Symposium	Symposium 32 Cornea: Irregular cornea dilemmas					Course 73 Uveitis: Overcoming therapeutic roadblocks in non-infectious uveitis		
15:00		Comprehensive Session 6					Course 79 Uveitis: Surgical interventions in non-infectious uveitis & its related complications	Course 78 Neuro- Rehabilitation and vision rehabilitation	
15:30	Keynote Lecture 17	Keynote Lecture 18	Course 74 Cataract: IOL related challenges	Course 75 Cornea: Post LASIK ectasia, The refractive surgery nightmare	Course 76 Cornea: Mastering DMEK	Course 77 Retina: Pigmented eye lesions			
16:00		Comprehensive Session 7							
16:30	Symposium 33 Cataract: Worst Case Scenario	Symposium 34 Glaucoma: Glaucoma surgery from good to perfect	Course 80 Cataract: Phacoemulsification across case variability: What you need to know	Course 81 Refractive: Borderline refractive surgery: Do & don't	Course 82 Advanced ocular trauma	Course 83 Retina: Tough situations in retina clinic	Course 84 Uveitis: The infectious uveitis clinic	Symposium 35 Young Ophthalmologists 2	
17:00									
17:30									
18:00									
18:30	LUNCH TIME
