The background of the entire page is a composite image. The top half features a swirling, starry night sky in shades of deep blue and gold, reminiscent of 'The Starry Night' by J.M.W. Turner. The bottom half shows a beach scene with several seashells in the foreground, including a large, light-colored conch shell and a starfish. In the distance, a city skyline is visible across the water, with a prominent lighthouse or tower on the right side. The overall color palette is dominated by blues, golds, and warm tones from the city lights and seashells.

WELCOME TO EOS SUMMER MEETING

Dear Colleagues,

With great pride, we are delighted to welcome you to the International Congress of the Egyptian Ophthalmological Society Summer Meeting 2026 (EOS) Rising Stars In Ophthalmology, which take place at Four Seasons Hotel Alexandria, Egypt, from 15 to 16 October 2026.

This event will feature a distinguished faculty who will contribute to a rich scientific program, tackling complex and timely topics in ophthalmology.

Highlights of the congress include keynote presentations with interactive Q&A sessions, as well as expert-led discussions that will promote engaging dialogue and deeper insights.

We look forward to connecting with all of you at this exceptional summer gathering!
